WITH POST CARDS

Every Californian Will Work For

Panama-Pacific Exposition

Following the appointment of OC-

TOBER 10-17 as POST CARD WEEK,

the Special Post Card Committee of

the Panama-Pacific International Ex-

position announced the plan of cam-

paign.

Letters have been dispatched to

every commercial body in California,

asking that a central committee be

appointed by each to take local charge

of POST CARD WEEK; and tonight

many representatives of the expo-

sition company leave San Francisco to

make a round of the State to assist

in organizing such central com-

mittees and otherwise to stimulate in-

terest. It has been suggested that the

women's clubs, the schools, the Native

Sons and other fraternal organizations

work under the direction of and in

cojunction with such local central

committees.

An exceedingly artistic design has

been accepted for the official post

cards. They will bear the Panama-

Pacific Exposition seal, and read

Get your Congressman

To vote for the

PANAMA-PACIFIC INTERNATIONAL

EXPOSITION

at the

EXPOSITION CITY,

SAN FRANCISCO, 1915.

California will give an Exposition That

Will Be a Credit to the Nation.

In each city, town and hamlet of

California, a supply of these cards,

which will be printed by the million,

will be on sale. They will be there

several days before the beginning of

POST CARD WEEK, the places of

sale to be announced through each

local central committee. Every Cal-

ifornian who can write is expected to

dispatch out of the State at least five

of these official cards. All business

and social letters sent out during

POST CARD WEEK should contain

reference to San Francisco and the

exposition.

The time for sending out these ap-

peals has purposely been restricted

within the confines of one week, in

the expectation that such an over-

whelming flood of cards will simul-

taneously descend upon the country

that congressmen will be started into

a realization that California has an

immense organization of compelling

power, the influence of which is not

to be despised.

Beside the special cards issued by

the Exposition, the post card com-

panies are printing upon their own re-

sponsibility cards bearing California

scenes and slogans. They intend

flooding all their California agencies

with these cards in ample time for

sale during POST CARD WEEK.

BOOSTERS GET BUSY

Write to Congressional Friends to

Work for San Francisco.

At the head of this editorial we run

the trade mark of the Panama-Pacific

Exposition Company, which is handling

the arrangements to have San Fran-

cisco selected as the site for the pro-

posed Panama-Pacific Exposition to be

held in 1915 to commemorate the com-

pletion of the Panama canal in that

year. Among other things the trade

mark says: "Get your congressman

to vote for San Francisco, 1915."

We have no reason for appealing to

our congressmen, for William F. Ba-

glebright is one of the enthusiastic

boosters for San Francisco. But it is

probable that many of our readers who

have come from the East, South and

Middle West to settle have congress-

men whom they know and to whom

they could write with great effective-

ness. If there are any such it is their

duty to obey the admonition contained

in the trade mark of the exposition

company of San Francisco. . .

It would make us ridiculous in the

eyes of the world if we reject the pro-

position to bond the State for \$5,000,000.

For years we have boasted being the

most progressive commonwealth in the

Union. We have advertised this fact,

and now some of our narrow-sighted

but well-meaning contemporaries would

throw back the moving hands of prog-

ress and put us in the column of dead

and forgotten States. It must not be.

California must maintain her prestige

and vote for bonds for the proposed ex-

position. — Nevada City Miner-Trans-

cript.

Gleam in New Orleans.

It is said that New Orleans is

gloomy over the census figures, as

these may tend to injure her chances

for the Panama exposition. She need

not worry so much over the census re-

turn as over San Francisco's post-

card campaign, which is to be launched

in a few days. — San Jose Times.

No one could understand why it was

that Helen Ayer, the wife of an ex-

cellent man and the mother of a lovely

boy six years old, fell under the in-

fluence of Schuyler Quigley, with noth-

ing except swagger and cheek to re-

commend him. When Quigley first be-

gan to pay attention to Mrs. Ayer her

husband did not appear to notice it.

The truth is he saw that his wife

was drifting away from him and he

dared not oppose her, fearing that by

his very opposition he might bring

about a catastrophe. If he permitted

the matter to work itself out perhaps

the wife and mother would in time

tire of her new fancy and realize the

danger to herself, her husband and her

son.

But Quigley was so aggressive, so

persistent, that Helen never got away

from a certain dominating force there

was about him long enough to recover

himself. Finally Ayer decided to take

Strikes at the Constitution.

The dynamiting of the Los Angeles Times was a dastardly piece of business and should arouse the indignation of every good American. That there is an element in our body politic which wreaks its vengeance in so cruel and cowardly a manner is to be deplored. It is more than a personal violence, more than class violence, it is insolence hurled at the very bulwark of our nation, and in the defiant note which such a crime sounds, there is the sullen undercurrent of anarchy which we must deal with. Let it be dealt with even as in the case of President McKinley's assassin. Let it be ferreted out and may justice hasten its process toward the individual, or individuals, who meted out such cruel injustice to the innocent victims of that bomb.

Labor must deplore the position it has been placed in and the thousands of good men in its ranks must realize that the reflections on it will be hard to combat, and that those who formerly sympathized with the movement will be less warm in their friendship. If the mental fibre and passions of the working class is so low grade that frenzy unseats reason, and they cannot deal with their foe within the law, it is time the Americans among them rose up to protect their country for no good citizen wants to be a part of any organization which may prove to be a hot bed for anarchy. Unions for peaceful and reasonable adjustments between employer and employee are splendid things, but when they precipitate situations which inflame men's passions they are exceeding their prerogative. We trust unionism may be vindicated.

Any idea that San Francisco is still a city to be rehabilitated will be put to flight by the excellent illustrations in "Colliers Weekly" of the Admission Day celebration there in the midst of the splendid new skyscrapers, which have long since been occupied by the progressive, confident and loyal people of that city. The East hardly believes what a hustling and handsome place San Francisco is since the fire, but the pictures in Collier's tell volumes.

Shooting Scrape

A hobo engaged in an altercation with an Indian, familiarly known as Farmer, at Caliente Wednesday night with the result that the hobo received a load of buckshot in one arm. Farmer used an old shot gun and the wound he inflicted tore away a great portion of his victim's muscle.

The Indian will not be prosecuted although Deputy Sheriff Ryan arrested him shortly after the mix-up. The hobo refuses to appear against him.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength. Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so gives health and strength to the whole body. You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical profession. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. ADS. PEROXIDE CREAM

For those particular people who desire a beautiful complexion and who want to keep the skin at its best all the time—keep it clear, flexible, smooth and give it the glow of health—there is nothing as good as A. D. S. Peroxide Cream, because it contains a small quantity of Hydrogen Peroxide, the great antiseptic healing and cleansing agent. Its action upon a red, blotched, pimply, scaly, unsightly skin is very pronounced.

When used as a massage it has a tendency to eradicate wrinkles and to nourish the tissues. It is a mild bleach—perfectly harmless and will not grow hair.

This is one of the leading preparations made by the American Druggists Syndicate, which is composed of 12,000 responsible druggists, and it is but one of the famous A. D. S. Peroxide Family.

The others—equally as good, equally as beneficial and just as popular—are A. D. S. Peroxide Tooth Powder, which whitens, cleanses and preserves the teeth; A. D. S. Peroxide Tooth Paste for the same purpose, put up in a different form; A. D. S. Peroxide Soap, a very superior soap because it heals as well as cleanses; A. D. S. Peroxide Foot Powder, for tired, aching, burning feet, and last, but by no means of least importance, is A. D. S. Peroxide of Hydrogen, the great disinfectant and germicide now being used in so many homes.

All of these A. D. S. preparations can be obtained at any A. D. S. drug store.

ZUMWALT MAKES GOOD IMPRESSION

The Democratic Nominee Addresses People of Sonoma

Valley in Union
Hall

I. G. Zumwalt, Democratic nominee for Congressman of the Second District, made his bow to the people of Sonoma and vicinity in Union Hall last Saturday evening. The gentleman is a lawyer by profession and is an ex-District Attorney of Colusa County. Although not claiming to be a silver-tongued orator Mr. Zumwalt discussed the issues of the campaign from his standpoint in a very logical manner without giving offense to the large number of Republicans present. Mr. Zumwalt is a Californian at heart and intensely Western in his ideas and when he promised the people to work for their interests in Washington first, last and all the time if honored with the office he at least impressed his hearers with a sincerity of purpose that won for him many votes. Mr. Zumwalt is a good campaigner and does his own talking and his Republican opponent has in him a foe worthy of his steel. During his half-hour address Mr. Zumwalt was listened to with marked attention and was frequently interrupted with rounds of applause.

The other speakers were Tupper S. Malone, nominee for State Treasurer, and Hon. W. A. Vann. Dr. Jackson Temple of Santa Rosa, candidate for Coroner and Public Administrator also made his initial bow to the people of Sonoma and made a very favorable impression. Taking it all in all the meeting, which was largely attended by Republicans as well as Democrats, was a success from a political standpoint.

An Enterprise that Should be Encouraged

It may not be generally known, but it is nevertheless a fact, that Sonoma now boasts of a high-class tailoring establishment. We refer to that being conducted by Mr. J. B. Parrent, a first-class up-to-date tailor, whose place of business is on Napa street next door to the French Laundry. Mr. Parrent is an artist in his line and we take pleasure in recommending him to our gentlemen friends who desire stylish, well-fitting clothes. His goods are all right and so are his prices.

ARE MAN AND WIFE NO MORE

Juanita Walls is Granted a Divorce from Jas. A. Walls

on Grounds of
Cruelty

In Judge Denny's department of the Superior Court Tuesday afternoon Mrs. Juanita Walls was granted a divorce from her husband, James A. Walls, on the grounds of cruelty. The witnesses called were Mrs. Walls, her mother, Mrs. Calvin, her sister, Mrs. Deasy, and Mrs. Fraser.

The plaintiff was represented by the Hon. T. J. Geary and former State Senator Sims, and Mrs. Walls was represented by Lippitt & Lippitt, for whom Attorneys C. F. Fury and George W. Libby appeared.

After listening to the evidence, the defendant calling no witnesses, Judge Denny said the plaintiff was entitled to the relief sought. The property rights were settled out of court.

It developed during the hearing of the case that Mr. Walls had gone to the home of his wife's mother in San Francisco, and had asked her to make up and let them bury the hatchet and start over anew. Her reply to him was that she did not think it would be any use. In consequence, she sought the relief the divorce offered.

THE PASSING OF A GOOD CITIZEN

Charles Bundschu for Fifty Years

Engaged in Viticultural

Pursuits in Sonoma

Valley Goes to

His Reward

Charles Bundschu, the well-known wholesale wine merchant of San Francisco and a member of the firm of Gundlach-Bundschu Wine Company, is dead. He passed away at his San Francisco home on California street last Saturday. Mr. Bundschu's death was not unexpected as he had been ill for several months and unconscious for ten days preceding his death.

Chas. Bundschu was one of the most prominent viticulturists in the State and had spent his life time in advancing the interests of one of California's principal products. Coming here from Germany when eighteen years of age, he was 68 when he died—he located in this valley on Rhinefarm and at once became identified with the wine and grape industry of the Sonoma Valley with the late Jacob Gundlach, whose daughter he wedded some years after locating here.

Mr. Bundschu yielded a ready and forceful pen and was a writer far above the average and had his lines been cast altogether in literary channels he would have made his mark in the world among present day writers. However, he devoted most of his extraordinary talents to building up and fostering the vine and wine industry of California and in the face of many almost insurmountable difficulties he was eminently successful. In this great life work he had encountered many difficulties and just at a time when the fame of the vineyards of Rhinefarm had become known all over the world and he was about to reap the reward due him for his fidelity to one of California's greatest industries the great earthquake of 1906 came and in the brief space of a few hours he saw the efforts of a life time go up in smoke and flames in that memorable disaster that overtook the metropolis of the Pacific. From that day until he died Mr. Bundschu never fully recovered from the shock.

Besides a devoted wife Mr. Bundschu leaves a number of grown children. The children are Mrs. R. Maury Sims, Miss Alma Bundschu, Rudolph, Carl and Walter Bundschu of this place and San Francisco. The deceased was a brother-in-law of Henry Gundlach and Carl Dresel of this valley, Chas. Gundlach of New York and Benj. Weed of San Francisco.

Mr. Bundschu was a native of Mannheim, Germany, and aged 68 years. The funeral took place in San Francisco last Monday morning and was largely attended by relatives and friends.

Sonoma Resident Attacked and Badly Beaten

George B. Carpenter, who resides near Sonoma, got into a fight on the road between this place and Santa Rosa Saturday night and received several cuts about the head and face. Carpenter buys old horses and on his way he met two men in a wagon who asked him if he wanted some horses. Some words followed and one of the men got out of the wagon and walking over to Carpenter picked up a singletree and struck him several times over the head with it. Carpenter grabbed a monkey wrench and fought back. Upon arrival in Santa Rosa he was taken up by the police and taken to Dr. Bogle, who dressed his wounds and he went away. Nothing has been heard from the other man.

A number of local hunters took advantage of the opening of the season for ducks last Saturday and invaded the tules south of town in quest of the birds. Among those who unhindered their ordinance and bombarded the tules in the vicinity of Wingo were Jack Murray, Harvey Perkins and Jas. Tate. The trio bagged fifty-seven mallard and widgeon during a half day's shoot. They report the birds as being in fine condition and as fat as butter. Other local hunters were fairly successful and many people in this place had duck for dinner on Sunday. The editor, however, was not among these this season for the first time in many years, owing to the fact that he was confined to his den on business that could not be neglected even for the ducks.

Republican Candidate for Tax Collector Visits Sonoma

Frank M. Collins, Republican nominee for Tax Collector and one of the sure winners in the election to be held next month, made a flying trip to this place Tuesday afternoon, returning the same afternoon to Santa Rosa. Mr. Collins, during his four-years incumbency, has made an ideal tax collector and is deserving of re-election at the hands of the people. Reports from all over the county say that he is strong in every section and will poll a heavy vote.

Personal

Jesse Burris, Cashier of the Sonoma Valley Bank, transacted business in Santa Rosa on Wednesday.

Mrs. Walter L. Murphy came up from Alameda on Thursday to be at the bedside of Mrs. M. E. Murphy for a few days, who is now slowly but surely recovering from double pneumonia.

Clarence F. Lee for District Attorney

It is an unwritten political law in Sonoma County which has been observed from time immemorial which makes it the duty of its citizens to reward its officials with another term in office when they have made good the first term. Applying this time-honored rule to the District Attorney's office Clarence F. Lee, who was elected four years ago, is most certainly entitled to re-election to one of the most important offices within the gift of the people of Sonoma County.

As District Attorney of Sonoma County Clarence F. Lee has won the admiration of all classes of people, if we except the lawless and vicious element, for his fearlessness, ability and dogged determination in bringing offenders to justice. Those who have transgressed our laws, no matter what their station in life, have been brought to the bar of justice by a District Attorney who has never played a favorite. All offenders during his four-years' incumbency have looked alike to him, with the result that he has made one of the best prosecuting officers this county has ever had, and it must be recollected that old Sonoma has had its Emmet Seawell and A. G. Burnett, who in their day as prosecuting attorneys, were a terror to evil-doers as their voices in defense of the stern realities of the law reverberated through the corridors of the old Sonoma County Court House many years prior to its destruction by the earthquake of 1906.

In Clarence F. Lee good old Sonoma County has one more name to be added to its list of distinguished District Attorneys. He has been the equal if not the peer of them all in defending the rights of its people before the bar of justice and bringing offenders, whether of high or low degree, before the blind goddess of justice to answer for their crimes.

It is a matter of record that during his four-years' incumbency District Attorney Lee has made a most remarkable record in successfully prosecuting offenders of all classes against the law. Learned in the law, untiring and ceaseless in pursuit of the guilty, incorruptible, fair and just in all things as a public servant, can the people of Sonoma County, who favor law and order, ask more of a man and a public servant?

DROPPED DEAD AT SUPPER TABLE

Sudden Summons of George

Hampshire of San Fran-

cisco at a Schellville

Resort

George Hampshire of San Francisco, who has been in the habit of coming to this valley for many years during the hunting and fishing season, died very suddenly at the Schellville Hotel last Saturday evening. The deceased came up from the city several days before he died to be on the shooting grounds of the Schellville Rod and Gun Club before the season opened. He put up at the Schellville Hotel. He was apparently in fair health when he sat down at the supper table Saturday evening. Suddenly he fell forward and died instantly.

Coroner Blackburn held an inquest on his remains and it developed that the deceased died from heart failure superinduced from a complication of diseases.

His remains were brought to this city and placed in Bates' undertaking parlors pending advices from his family in San Francisco. Strange to relate the dead man's family could not be located for two days owing to the fact that no one among his acquaintances in Schellville knew his city address. Finally on Tuesday Alex Martin of San Francisco, a member of the Schellville Club, who was well acquainted with the sons of the deceased, hunted them up at their places of business in the city and conveyed to them the sad news of their father's sudden taking off.

The deceased was aged about 65 years and a native of this country. The remains were shipped to his San Francisco home Tuesday.

Henry C. Gesford, Democratic nominee for Associate Justice of District Court of Appeal, favored this office with a pleasant call yesterday.

EXPOSITION PLANS IN STRONG HANDS

San Francisco Proud of Men
Directing Its Big Enterprise

San Francisco's organization for the conduct of the Panama-Pacific International Exposition may be regarded as one of the most remarkable products of that remarkable city. For several years political conditions in the community, through some unfortunate series of co-incidences, have been open to criticism. A year ago the average Californian, San Francisco or San Diego might have protested the city's right to hold a great world's fair.

But at the proper time, when there was made evident the need of big men for a big undertaking, there emerged from their places of habitual retreat thirty of the foremost citizens of California, ready and willing to assume the burden of detail and the heavy responsibilities that the situation imposed. Politics, opposing business interests, private antagonisms and feuds a generation old were laid aside and forgotten when there was presented the opportunity to accomplish a gigantic result.

In the selection of the board of directors the San Francisco Exposition is more fortunate than many another California institution organized for pecuniary profit. Practically every branch of business is represented, nor was there neglected the interests of education and morality. One of the best advertisements that San Francisco has turned loose in many a day is the roster of the board of directors of the Panama-Pacific Exposition.

The thirty members of the board, with a list of their offices and activities, is as follows:
